Dear Dell,

I inclose a photograph I have taken of an Alien.
Also in the background is his ship.

NOW I WILL GIVE YOU THE FACTS..

1. The date of Observation: July 21, 1967
2. Time: 2:00 AM
3. I saw it about 30 min.
4. A hot sunny day.
5. The sun was right behind me.
6. There ~~was~~ *was one object that landed.*
7. The object that landed was a bright white.
(About the color of a bright full moon.)
8. The object stood still.
9. I wear glasses.
10. ~~The~~ *the* object were sharply outlined.
11. Sized is compared with an orange at arms length.
12. I first noticed the object by a buzzing sound.
13. Over tree tops it disappeared.
14. It moved as if it was controlled by remote controlled
(Then one that landed.)

15. About 9 yds 2 ft away from me.
16. Alien was about 3 or 3½ ft tall.
17. Dark brown But Greenish reflection.
(COLOR OF FACE)

18. Shiny silver suit. (HE WORE)

19. (But the strangest of all there wasn't an animals
around.)

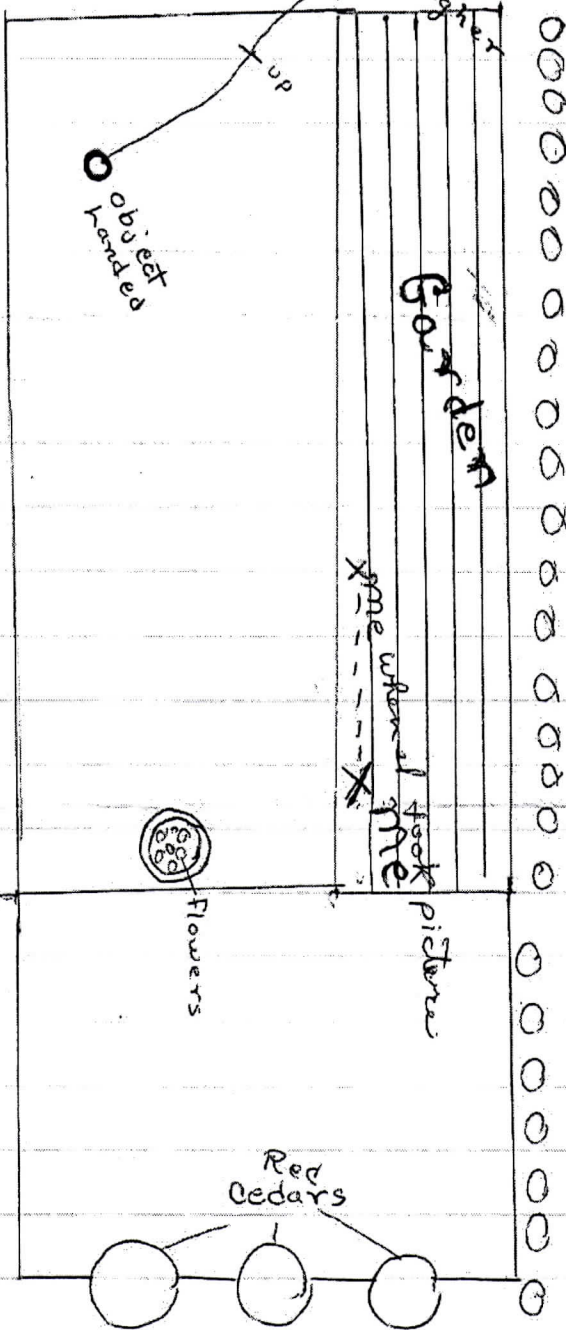

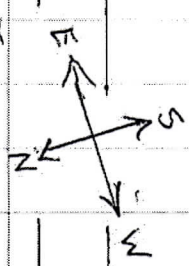

On the photograph you will notice a developing effect.

Yours truthfully,

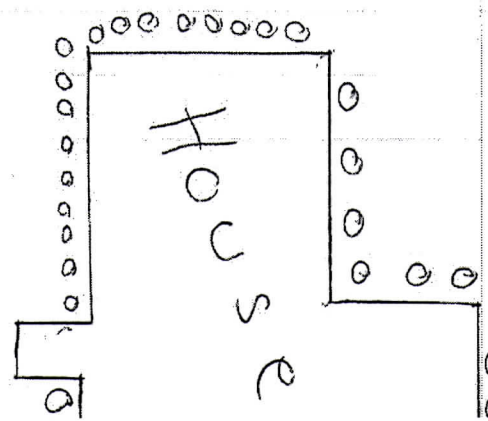

Rennie, Gray Hill

P.S. I forgot to say clearly that there were two objects, but the one I took a picture of was the smallest one. (It was about 9 ft. in diameter.) The other object I never really saw but I could hear it. (or something strange sound from where it came from.) It was behind the trees. And behind the trees is all Marshland.

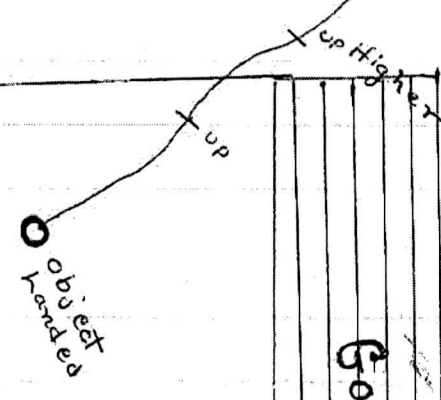

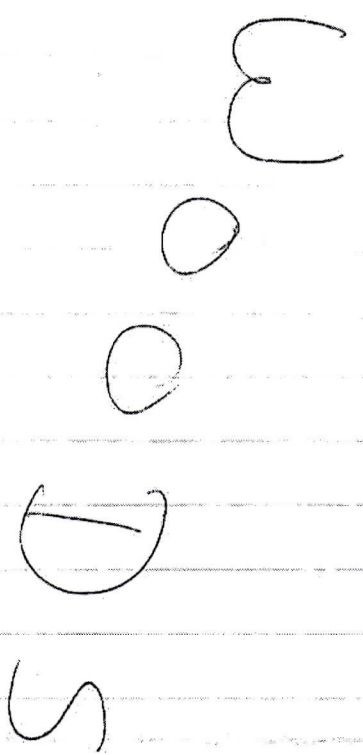

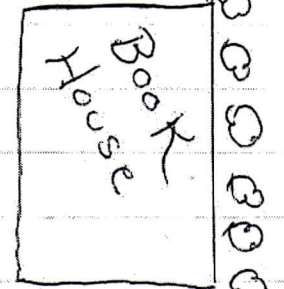

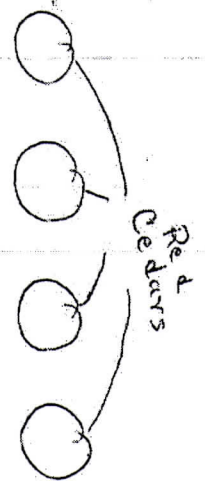

Trees disappeared

Highway

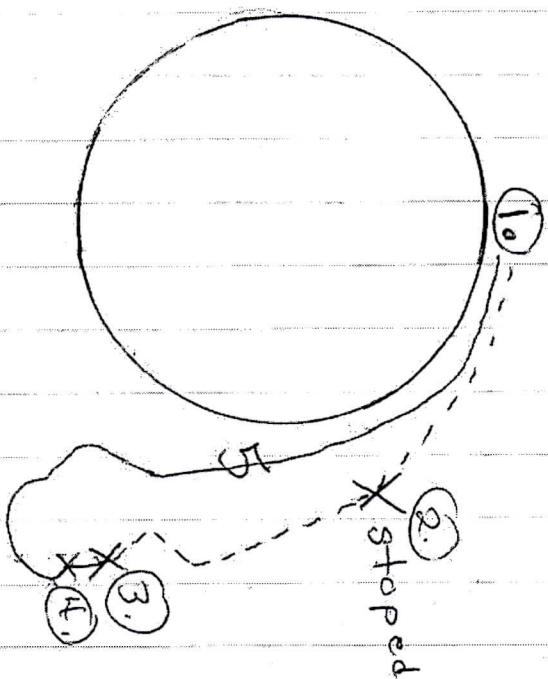

Pecan Tree

pine wood shed

Sketch was right were above the object.
(The movements of the alien.)

1. He came from behind the ship.
2. Stopped and looked around.
3. Stopped again and looked at ship.
4. Took out Black Journal and stuck it in ground. Then pulled it back up.
5. He hurried back behind ship.
